

HOSTING CRITERIA
Journey to Financial Freedom™ Seminar

PURPOSE

Nothing expresses a Christian's obedience to God better than the way he or she administers God's resources. God wishes to bless His people with whatever will help them accomplish His work; the pre-requisite is obedience to His principles. How can Christians be obedient without first understanding those principles? The answer: They cannot.

Therefore, Crown Financial Ministries has developed a new seminar to define God's principles for handling money. The seminar combines the Scriptural foundations for Biblical stewardship with extremely practical application, using Crown's budgeting plan in a dynamic PowerPoint presentation and interactive exercises that make the seminar a personal experience for all who attend. The participants will leave the seminar with a definite action plan for their next steps.

If you feel that your church would benefit from this type of study, please fill out the [Contact Form for Seminar Information](#). Or you may contact the seminar department at 1-800-340-5066 or seminars@crowns.org for specific information.
