

FELLOWSHIP OF CHRISTIAN FARMERS, INTERNATIONAL

Listed below is the address of the Fellowship of Christian Farmers, International. The purpose of FCFI is to build, maintain, and strengthen faith in God for the farmer, the farm family, and the farming industry through presenting Jesus Christ as Lord and Savior.

Although it is not the objective of FCFI to save your farm or business, they will help you to focus on the fact that only God can meet your real needs. FCFI desires to promote Christian fellowship of the farming community on local, state, national, and international levels. They also publish the *Profit* newsletter to communicate news of FCFI activities and articles that will encourage the reader to mature in his or her faith. Their address:
