One of the services provided by this group is the Christian Fund for the Disabled. The fund works with the local churches, but the handicapped person does not have to belong to a particular church to receive help through that church. The fund is unable to help with medical bills but does have grants (up to \$500) that can be used to purchase equipment, such as chair lifts on vans, electric wheelchairs, and humidifiers for environmental illnesses. There also may be some occasional money allowed for adapting a home for the disabled.
