

Hey! Is there anything out there to help teens find direction in life?

Life Pathways presents...

Youth Exploration Survey

Dear Parent,

We are pleased to announce that Life Pathways, a division of Larry Burkett's organization, Christian Financial Concepts, has an answer to that question, and it's an enthusiastic *YES!*

From time to time we've all asked what's available to provide teens direction for their education, extra-curricular activities, part-time jobs, and especially their future careers. *YES!* is an abbreviation for the new *Career Direct—Youth Exploration Survey*, a program specifically designed to help teens discover their God-given purpose by examining their Personality Style, Interests, Abilities, and Priorities.

YES! is unique because it

- walks them through activities applying their discoveries to make a difference in their lives today
- helps guide them toward a successful future career and related educational choices
- communicates God's plan and purpose for teens lives to prepare themselves for *lives of influence*.

We are pleased to announce our plan to host a *Youth Exploration Survey (YES!)* seminar. We invite your teens to participate. Here are the details.

WHO _____

WHERE _____

WHEN _____

Please discuss the upcoming *YES!* seminar with your teens. Survey results will provide you with valuable information as you work with your students to determine God's direction for their lives.

Helping teens discover today how
to make a difference tomorrow.

Career Direct—YES!
