

# The S.A.L.T. Plan™

*How to prepare for an economic crisis of biblical proportions*

*“Preparation starts with learning from the epic financial events that have been recorded in Scripture. While the world’s economic outlook may appear dark, God’s Word shines all the more brightly, giving us wisdom, counsel and hope!”*

## **Outcomes:**

- Biblical principles and concrete tools for surviving and even thriving, whatever the state of the economy.
- Practical steps to: Eliminate consumer debt, preparing for potential unemployment and taking inventory of all possessions and properties.
- More than a ‘how-to’ guide that not only helps equip yourself, but others around you.

## **Challenge:**

How prepared are you in the face of world-wide economic uncertainty?

The signs are around us everyday. We are truly in times of economic hardship, and some would even say that we are hinging on an Economic Event of Biblical Proportions. The idea of preparing for hardship is a timeless concept. How can you protect your family in the midst of financial crisis?

- Average U.S. savings is now only 3.9% of gross income.
- Average U.S. household credit card debt is well over \$7,000.
- The average length of unemployment today is 9 months.
