

We had the opportunity to pilot the new Micro Business Training with a staff group from Foundations for Farming in Harare. Participants shared that the principles were communicated with clarity and simplicity, and many noted that the training was engaging, enjoyable, and easy to understand.

1

Please pray for our team currently serving in South Africa and Zimbabwe (Feb. 28–Mar. 11, 2026). Ask the Lord to grant safe travels, open hearts, and meaningful connections as they minister and encourage the communities they are visiting.

2

Please pray for Frank as he teaches and presents Crown at the International Evangelism Conference in Veracruz, Mexico (March 4–6, 2026). Ask the Lord to grant him wisdom, clarity, and favor, and to prepare the hearts of those attending to receive and apply God's principles.

3

Through Crown resources on the Pando app, incarcerated men and women across the U.S. are encountering God's principles of stewardship. Please pray that the Lord would draw them into true freedom and abundant life in Christ.

4

Pray for our partners who are investing in the next generation through schools and other community programs, helping them break the cycle of poverty, introducing them to Jesus and helping them build a dream full of hope.

5

Join us in thanking God for this year of tremendous growth and opportunity, and pray that we'll end our fiscal year on March 31st fully funded and ready for another great year of ministry.

6

Frank is preparing to teach and present Crown at the Pastor's Conference at Rio Grande Seminar in Edinburg, Texas (March 18–21, 2026). Pray that the Lord will guide his time, strengthen local leaders, and use these sessions to advance faithful stewardship and lasting impact.

7

Last month, Madagascar was hit by a devastating cyclone. Many families lost their roofs, and nearly 50% of the PPC land was underwater. While our Pfumvudza plots were spared on higher ground, rising water remains a concern. Please pray for protection, provision, and hope for the affected families as they begin to rebuild.

8

Please pray for our new partners learning Crown materials—that the Lord would transform and equip them. Pray also for those serving in high-persecution areas, and for spiritual renewal across New Zealand, Europe, and Asia.

9

Please pray for the Career Direct team in Taiwan—that the Lord would grant them peace, unity, and a fresh activation of their consultants. Pray they would be strengthened and encouraged as they serve, and that God would use their work to guide many individuals toward His purpose and calling for their lives.

10

Please pray for Curtis Anderson and our teams serving communities in Arkansas, Mississippi, and Tennessee. Pray that the Lord would bring hope, restoration, and practical guidance in stewardship and life skills. Ask Him to equip the leaders and volunteers with wisdom, encouragement, and the ability to impact these communities for His Kingdom.
